

Final Workshop

“DNA Methylation: from Biology to Disease”

Wednesday, June 29th, 2011, Barcelona, Spain
Hospital Duran i Reynals, ICO Auditorium, Ground floor

10:00–10:30 **REGISTRATION** – entrance hall, Hospital Duran i Reynals

10.30–10:45 **Congress welcome and introductory remarks**
Manel Esteller, M.D, PhD,
Cancer Epigenetics and Biology Program (PEBC),
Bellvitge Institute for Biomedical Research (IDIBELL)
Barcelona, Spain

10:45–11:15 François Fuks, PhD,
Cancer Epigenetics Group, Faculty of Medicine,
Université Libre de Bruxelles, Belgium
“Mechanisms of Epigenetics in Health and Disease”

11:15–11:45 *Coffee Break & Networking*

11:45–12:15 Femke Simmer, PhD,
Department of Molecular Biology,
Radboud University, Nijmegen, The Netherlands
“DNA methylation profiling of cancer”

12:15–12:45 Lucia Altucci, M.D, PhD,
Department of General Pathology,
Seconda Università degli Studi di Napoli, Italy
“Prognostic tools for HDAC inhibitors based regimes in Acute Myeloid leukemia patients”

12:45–13:15 Christoph Bock, PhD,
Broad Institute, Cambridge, USA
Max Planck Institute for Informatics, Saarbrücken, Germany
“Bioinformatic methods for epigenome-wide association studies (EWAS) and biomarker development”

13:15–14:00 *Lunch Break & Networking (Buffet Lunch at ICO – Floor “0”)*

14:00–14:30 Manel Esteller, M.D, PhD
Cancer Epigenetics and Biology Program (PEBC),
Bellvitge Institute for Biomedical Research (IDIBELL)
Barcelona, Spain
“DNA Methylomes in Health and Disease”

14:30 Closing remarks – Manel Esteller, M.D, PhD
